

TOSHIBA SATELLITE PRO U500 1DK 13.3 LAPTOP

PSU9CE-004004EN

Even with the mobility of the U500, there's no compromise on performance. It comes with Intel's latest Core i3 processor and a massive 4GB RAM so whether you're dealing with your documents or socialising with friends you won't be sitting around twiddling your fingers; the U500 has more than enough oomph to keep you productive and entertained.

When it's time for a break and you need to save your progress you'll have no trouble either because this laptop comes with a massive 320GB hard drive and its Bluetooth enabled.
